

Materials Asked of Classroom Teachers for the Midwest Food Connection Lessons

Primary = grades K-2

Intermediate = grades 3-5

Spring – Urban Farming

For this lesson unit, several images will be shown to the children. Please let us know if your classroom can project images stored on a flash drive. If not, we have printed versions of the images.

For this series, a plant-watering-plan will need to be developed with the students and we will need a safe place where the plants can receive light and grow.

Primary

Ins and Outs of Seedlings: A place where garden journals will be stored; two pieces of blank paper per student; access to staplers; access to an outlet for the skillet

Planning Your Garden: n/a

Buzz on Bugs: n/a

Spring Harvest: Please have students wash their hands prior to class; scissors and scotch tape or glue sticks

Intermediate

Ins and Outs of Seedlings: A place where garden journals can be stored; two pieces of blank paper per student; access to staplers; access to an outlet for the skillet

Planning Your Garden: Access to an outlet (skillet will be plugged in for cooking), rulers available

Buzz on Bugs: Scissors and scotch tape or glue sticks; clipboards and pencils (used in some classes depending on age and physical logistics of the room)

Spring Harvest: Please have students wash their hands prior to class
